The Dates

Our sponsored series will run over the following events throughout 2022, and will conclude at the end of the Finale (Round 6).

Round	Date*
1	18 April
2	2 May
3	28 May
4	25 June
5	26 June
6	27 August

**dates are always subject to some change*

Series winners will be awarded the series rug at the conclusion of this event.

Series Points & Rules

Sponsored Series points are different to “Grading Points”. You will be awarded points as follows;

1st – 4 points (plus 1 extra point if you go double clear in that class)

2nd – 2 points

3rd – 1 point

Each horse and rider combination can only win **one series**. If equality horse/rider combination occurs over 2 separate sponsored series/levels, then the horse and rider will be awarded the higher series. For example if a horse and rider win the Amethyst Series and the Diamond Series then the horse and rider combination will be awarded the Diamond Series only and the runner up of the Amethyst series will win the Amethyst Series.

If we have a draw between horse and rider combinations at the end of the series, a count back will be done to determine which horse and rider received the highest placings. If we still cannot determine a series winner from this, then a jump off may occur between the possible contenders to determine the overall series winner.
